

**Earlier**

**Present**

**Chemical Vapour Deposition process using Titanium tetraisopropoxide**

1. Improvement Cost : Rs 9,20,000/-
2. TiO<sub>2</sub> collection : 40 Kg/Day
3. TiO<sub>2</sub> price : 8 Rs/Kg
4. Expected Payback : 7.8 Years

**However, indirect recovery is through improvement in the output efficiency of Men & Machines, considerable reduction in maintenance expenses as well as improvement in product quality.**
